

Established in 1990, Comtrade is a leading IT company in the region with offices in 11 countries across Europe and North America. Our technology centers are located in three major cities – Ljubljana (Slovenia), Belgrade (Serbia) and Sarajevo (Bosnia and Herzegovina).

Comtrade is a system of companies that operate in the field of software solutions, system integrations and hardware distribution. With a proven track record of delivering industry-leading IT solutions and software engineering services, Comtrade has become a trusted developer of end-to-end technology products and solutions in various industries.

Working at Comtrade is challenging, but rewarding. We are serious about success, passionate about technology and believe work should be FUN!

If you think you have what it takes to be part of our team, we'd like to hear from you.
