

Job description

Work within small local teams using Scrum software development methodologies. Design, code and develop engines, components, extensibility add-ins and/or server/client applications with contemporary MS development tools. We are looking for smart individuals with or without previous experience who want to learn and achieve by themselves with guidance and mentorship from our experienced software developers. Our environment is .NET 4.5, Windows Forms, and Visual Studio 2015/2017

You are

- Eager to learn and unafraid of challenges
- Able to advance on your own given a clear set of goals
- Intelligent critical thinker

Requirements

- Software engineering background (educational and/or professional)
- Basic .NET development knowledge
- Functional knowledge (reading, writing) of one of the following languages: English, Serbian

Considered a plus

- Experience with Windows applications development
- Experience with .NET development

Compensation and benefits

- Competitive compensation package and benefits based on experience and skill level
- 5 weeks of paid vacation after trial period; 6 weeks at 2 years; 7 weeks at 3 years; 8 weeks at 5 years; 9 weeks at 10 years
- All National Holidays paid including additional floating holidays, 13 days total
- 5 paid sick/personal days after trial period
- Vacation and sick/personal day buyback program – got unused vacation or sick days? We'll buy them back for up to double its value
- Referral bonuses
- Work from home or at local offices
- Regular promotion opportunities
- Regular monthly payments
- Paid contractor income tax, pension and health insurances after level certification

Application questions

- Please include answers to the following questions in your cover letter:
- If applicable, what are your reasons for leaving your current job?
- Are you able to work 8 hours per day?
- What is your desired salary (EUR per month)?
- Do you have any duties that you need to attend to that may affect your work in any way (educational, another job, public, etc.)?
- When can you start?
- How did you find out about this position? If you have been referred by an ApexSQL employee,

please specify who
