

We are looking for a proactive and result-oriented professional to join our Database team, on permanent basis:

### **SENIOR DATABASE ADMINISTRATOR**

#### **Job Summary:**

Senior Database Administrator provides support and assures timely execution of different tasks in proper functioning of the Database Systems as the essential parts of the Bank's IS. We are looking for a responsible, committed and self-motivated person with a positive attitude and strong communications skills. She/he must be able to manage multiple tasks simultaneously, and work closely with various teams.

#### **Job Requirements:**

- Monitor incident and resolve database incidents within SLAs
- Provide daily development support to application teams including database connectivity, configuration (index creation, database layout, schema changes) and data migration
- Responsible for troubleshooting database issues including collecting information through traces and other logging facilities
- Provide database and SQL tuning expertise through recommendation to application developers, vendors and other core application teams
- Provide database configuration for optimal performance including database partitioning
- Review and support installations of database maintenance and security patches and upgrade to supported release levels
- Monitor database and server performance and identify current and potential bottlenecks
- Monitor backup results and resolve/troubleshoot failed database backups

#### **Requirements:**

- High school / University degree is a plus
- 3-5 years of hands-on experience with Oracle database administration
- Experience in database design, SQL tuning, and performance analysis
- Experience in the use of Partitioning and indexing and Data models
- Proven skills in managing database lifecycle – builds, patching, backup and recovery.
- Good knowledge and understanding of PL/SQL language
- Experience with a second DBMS, especially MSSQL Server is highly desirable
- Experience with Unix AIX and Linux is desired
- Bash scripting knowledge – basic level
- English language – advanced level
- Ability to work under pressure and meet deadlines
- Strong team spirit

If you have the necessary competences for this position, please send your CV in English. Societe Generale Banka Srbija welcomes applicants from all sections of the community.

We work to ensure that people are not unjustifiably discriminated against on the basis of age, disability, ethnicity, gender, religion or belief, sexual orientation or any other grounds.

Confidentiality of your application is guaranteed. Only short listed candidates will be contacted. Received documentation will not be returned.
