

Android Developer

If you are passionate about Android development, enjoy building digital toys for today's smart phones, and want to participate in creative projects for domestic and foreign clients, then we need you. Work with us as we explore and create exciting, cutting edge and innovative mobile applications.

In addition to knowledge and enthusiasm, there are a few more things that we require:

- 2+ years of experience in Android applications development.
- Strong communication skills.
- Excellent command of spoken and written English.
- Talent, curiosity and willingness to learn.
- Ability to be a team player.

There are also a few things WE have to offer:

- Work in a company focused on constant development.
- Interesting challenges and hands-on experience through work on national and international projects.
- Work based on modern development processes.
- A pleasant and modern work space close to the city center.
- Young, but experienced colleagues who are ready to help you at any time.
- The opportunity for progress and improvement.
- Unlimited amount of coffee or fruit.
- Table football, table tennis, darts and Wii during breaks.
- A pet-friendly environment
