

With over 15 years of experience in the area of software development we have established long-term relationships with our clients. They trust our decisions and value our propositions. During the last two years we have grown from 140 to around 300 people and we keep going. Join one of the biggest software development companies in the region and become a member of our daily-growing team.

Our clients are world leaders in their business areas. Our projects include object oriented software development, database design and mobile platforms. Also, our functional and performance testing expertise is highly valued by our clients. Our core values: partnership, innovation and respect, represent our business approach so as our employee focus.

We are looking for candidates to join us on the following position:

Android Engineer

As an Android Engineer you will have to promote and display initiative and innovation, have strong research practices and deliver high quality software. Qualified candidates will possess experience with Android platform, object oriented programming, excellent Java coding, experience with client application development and verbal/written communication skills. Candidate will work on extremely interesting project that combines top technologies.

We take good care of our people, this is what we offer

- Skilled teammates with diverse backgrounds and interests
- Casual and relaxed, yet professional working environment
- Flexible working hours and a steady job
- Career, personal development and more

But we set the bar high, here is what we expect:

- Hands-on experience of application development based on (latest) Android SDK
- Excellent knowledge of OO languages (Java, C++)
- Good debugging/problem-solving abilities
- Object Oriented Analysis and Design techniques
- Passion and initiative for continual learning about new technologies and approaches
- Excellent Verbal and written communication skills in English
- Ability to travel abroad

Following skills will be considered an advantage

- Experience of development for mobile devices on other platforms than Android

If you are interested in this position and you have the required qualifications, please send your CV via email to posao@pstech.rs. Please note that due to large number of applications we receive, we will only contact those candidates that are selected for an interview. Thank you.
