

## Back-end Developer

We are looking for a talented, devoted and passionate developer who wants to create exciting, innovative and “cutting edge” solutions with a team of young, but experienced people.

What we ask from you:

- 2+ years of work experience as a PHP developer.
- Excellent knowledge of: MySQL, Laravel, Unit testing, API design.
- Strong communication skills.
- Excellent command of spoken and written English.
- Talent, curiosity and willingness to learn.
- Ability to be a team player.

What do we offer?

- Possibility of full-time employment.
- Job in a company focused on constant development.
- Challenging work on domestic and international projects.
- Opportunity for advancement and improvement.
- Bright, pleasant and modern space close to the city center.
- Young but experienced colleagues ready to help at any time.
- Unlimited amounts of coffee and fruit.
- Table football, table tennis, darts or Wii during breaks.
- Pet-friendly environment for your furry friend.
