

PSTech is one of the leading software companies in Serbia, based in Belgrade. We are constantly growing and expanding and our almost 300 engineers live and breathe technology every day. PSTech combines knowledge, experience and personal skills with top-notch technologies and delivers positive change and advancement.

We are looking for interns to join our team on the following position:

Engineer – intern Java/Android/C++/ iOS

Qualified candidates are the students of final year or fresh bachelors/masters of a technical faculty. They should have experience in object oriented programming, in programming languages Java, C++, C#. The interns will be included in very interesting and promising projects, they have an employment opportunity, as well as a chance to travel abroad.

We take good care of our people, this is what we offer:

- Experienced team members, always willing to help
- Nonformal, yet working atmosphere
- Flexible working hours and consideration towards students' responsibilities
- Employment, career development and further specialization
- And much more

But we set the bar high, this is what we expect:

- Excellent knowledge of an OO language (Java, C++, C#, PHP)
- Bachelor or final year of relevant faculty (ETF, FON, PMF, RAF...)
- Knowledge of design patterns, structures and data bases
- Developed analytics and problem solving skills
- Willingness and initiative for constantly acquiring knowledge of new technologies
- Good knowledge of English language

Following skills will be considered an advantage:

- Experience in mobile applications development
- Experience in web applications development

PSTech paid internship programme is described in more detail on our web page www.pstech.rs. Please send us your CV to praksa@pstech.rs, and note in which position you would like to work and make sure that you state in your CV which projects you worked on during your studies or by yourself. Please note that due to large number of applications we receive, we will only contact those candidates that are selected for an interview. But we expect you to apply again the next time the opportunity arises. Thank you.
