

Be part of our Creative and Design team

Be part of the Performance Media Group

For our office in Belgrade for the next possible date we are looking for a:

Freelance Flash/Actionscript programmer

Job Description

You will be responsible to take care of the technical side of our flash banners: whenever we have more complex banners at hand – especially dynamic feed-banners, retargeting banners with fallback logics, etc. your programming skills come into play. You will closely collaborate with other members of creative team in Hamburg and Belgrade, web developers and management to improve the user experience and usability of our web products.

We offer you:

- Interesting tasks, expect 10h+ per month in the beginning, potential for significantly more hours is there depending on individual performance
- A great team of experienced designers and software developers for productive exchange and inspiration

Skill Requirements

Required:

- We expect especially Flash and Action Script (AS2 and AS3) programming skills, meaning expert knowledge of both timeline and code-based animations and experience with Flash ads optimization for web
- Has at least 3 years experience in programming banners (and/or websites)
- The ability to develop reusable ActionScript code, classes and components
- Working with .xml/.csv feed integration

Nice to have:

- Technical experience with Ad server solutions (Adition, DoubleClick et cetera)
- HTML/HTML5 and CSS programming skills
- JavaScript, JQuery or any other JavaScript-based frameworks

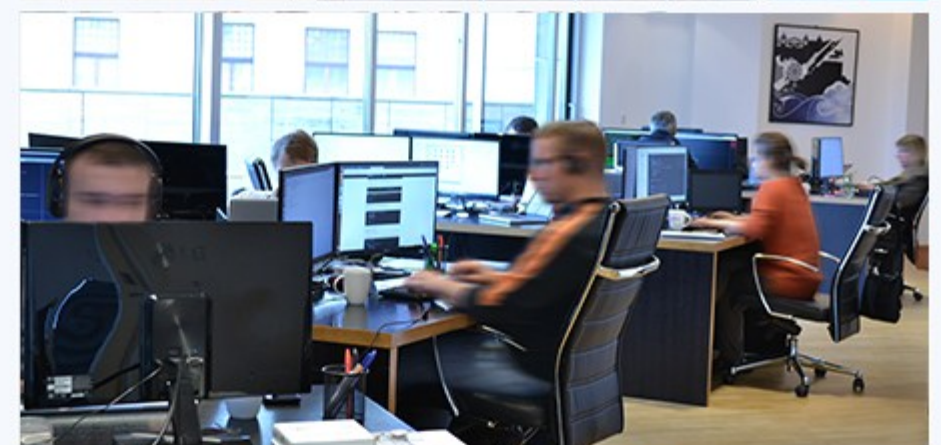

Personal requirements:

- Ability to work effectively within a team environment on deadline-critical projects
- Availability during normal working times (Mo-Fr 9-19h)
- Attention to detail, ability and willingness to adhere to technical guidelines
- Excellent communication skills in English or German, fluently

If you have questions, please call us at the Phone number +381 11 205 50 85.
Please apply online at jobs@performance-technologies.de

**We look forward to your application,
which includes your personal cover letter
and your CV in English, work examples
(url or fully functional example files) and
desired hourly rate.**
