PSTech is a software development company from Belgrade, Serbia. We are constantly growing and expanding and our 240+ engineers live and breathe technology every day. PSTech combines knowledge, experience and personal skills with top-notch technologies and delivers positive change and advancement. We are committed to building a world-class technology company where engineers love to work.

We are looking for creative people to join our team on the following position:

HTML5 Developer – Firefox OS

You will take part in a new team that will work with one of the biggest mobile phone manufacturers in the world. You will design and implement new functionalities for the Firefox OS shipped with millions of phones and it will be your responsibility to create the killer and best-in-class mobile experience for millions of users.

We expect you to show initiative and focus on innovation, have strong research practices and deliver high quality software, on time. You should be able to work in an agile development process and employ best-in-class development practices such as version control, bug tracking, code reviews, design patterns, refactoring and unit tests. Additionally, you should be detail-oriented and thorough in your approach to research methodology, but flexible enough to work within time and product constraints.

We take good care of our people, this is what we offer:

- Skilled team mates with diverse backgrounds and interests
- Casual and relaxed, yet professional working environment
- Flexible working hours and a steady job
- Career and personal development, and more

But we set the bar high, here is what we expect:

- Experience with HTML5/HTML, CSS3/CSS, JavaScript, jQuery, node.js
- 3 or more experience with Web development with emphasis on front-end development
- 2 or more years of experience with OO languages (Java, C++)
- Experience with Agile/Scrum methodologies
- Strong knowledge of Linux platform
- Passion and iniciative for continual learning about new technologies and approaches
- Excellent verbal and written communication skills in English
- Willingness to travel abroad

Following skills will be considered an advantage:

- Experience with developing apps for Firefox OS
- Experience with development for mobile devices on other platforms (Android, iOS, Windows Mobile)

If you are interested in this position and you have the required qualifications, please send your CV via email to posao@pstech.rs. Please note that due to large number of applications we receive, we will only contact those candidates that are selected for an interview. Thank you.
