With over 15 years of experience in the area of software development we have established long-term relationships with our clients. They trust our decisions and value our propositions. During the last two years we have grown from 140 to over 300 great people and we keep going. Join one of the biggest software development companies in the region and become a member of our daily-growing team.

Our clients are world leaders in their business areas. Our projects include object oriented software development, database design and mobile platforms. Also, our functional and performance testing expertise is highly valued by our clients. Our core values: partnership, innovation and respect, represent our business approach so as our employee focus.

C++ Software Engineer - Audio, Connectivity, Internet of Things

As a C++ Software Engineer you will need to be up to date with the latest innovations in C++ language, have broad interest and knowledge in various disciplines, focused experience in Windows client application development and possess verbal/written communication skills. This is an excellent opportunity for an engineer to gain an invaluable experience. We are looking for intelligent and sharp candidates that are hungry for knowledge and growth. Don't miss the opportunity to work in a casual, yet professional environment with smart and talented people.

The ideal candidate will have an established background in designing and building software products, great communication skills and the motivation to achieve results in a fast paced environment. This position reports to the Team Manager.

Responsibilities

- Writing high quality code and collaboratively working on performing code reviews
- Assist in creating plans and specifications

Desired Skills and Experience:

- 3+ years of software development experience
- Technical background with C++ on Windows platform
- Experience with a variety of software development processes, and ability to apply the right process for the project
- Excellent communication skills; experience in communication with remote partners

What we offer:

- Participate in projects where your opinion will be valued
- Enjoy the pleasant working environment, have fun and play
- Take full ownership of your career and benefit from our development opportunities

If you are interested in this position and you have the required qualifications, please send your CV via email to posao@pstech.rs. Please note that due to large number of applications we receive, we will only contact those candidates that are selected for an interview. Thank you.
