

Alite International is a knowledge and consultancy company founded in Sweden. We are represented in 5 countries and are working within Digital Transformation, Digital Innovation and Smart Sourcing.

With us, you will be working with amazing clients, innovative and challenging projects, and highly skilled co-workers.

At Alite International we are growing a UX & UI team of talented, creative and like-minded people. We are looking for a Junior UI Designer to join our team in the Belgrade office.

If you strive to work in a dynamic and team-driven environment and you are a highly motivated and proactive person who would like to grow with us and take more responsibility over time, this job is for you.

Junior UI Designer

The ideal candidate should have the following:

- Talent to transform business and creative ideas into visually appealing, usable and useful assets
- Experience with design tools (XD, Sketch or similar)
- Verbal and written communication skills in English
- Commitment to quality and team-work
- Knowledge of HTML and CSS or willingness to develop those skills
- Previous experience in UI design and implementation is a plus
- Core JavaScript knowledge is considered as a big plus

Responsibilities:

- Working on internal and clients UI projects
- Being involved in some level of writing scalable and maintainable HTML/CSS/JS
- Evaluating user interfaces and create and maintain UI components
- Producing design artifacts (e.g. wireframes, design mockups, user flows and prototypes, presentations)

We offer you:

- Great colleagues and a positive company culture
- The chance to constantly upgrade your knowledge and to work with the latest tools and technologies
- An inspiring working environment in our modern premises
- A competitive salary

If you are willing to share your talent with us, please send us your CV electronically.
