

With over 15 years of experience in the area of software development we have established long-term relationships with our clients. They trust our decisions and value our propositions. During the last two years we have grown from 140 to over 300 great people and we keep going. Join one of the biggest software development companies in the region and become a member of our daily-growing team.

Our clients are world leaders in their business areas. Our projects include object oriented software development, database design and mobile platforms. Also, our functional and performance testing expertise is highly valued by our clients. Our core values: partnership, innovation and respect, represent our business approach so as our employee focus.

Due to strong demand for our services, we are looking for:

.NET Software Developer

We are looking for developers to work on developing integration solutions for our customer's existing products. Qualified candidates will possess experience with object oriented programming, excellent coding skills, strong verbal/written communication skills, and preferably experience with Microsoft products/technologies.

We take good care of our people, this is what we offer:

- Participate in projects where your opinion will be valued
- Enjoy the pleasant working environment, have fun and play
- Take full ownership of your career and benefit from our development opportunities

But we set the bar high, here is what we expect:

- Proficiency and 3+ years' experience in development using .NET/C#/ASP.NET
- Experience with REST/SOAP
- Experience with RDBMS and knowledge of SQL
- Familiarity with software integration
- Writing high quality code
- Documenting code in accordance with standards
- Ability to work both as part of a team and autonomously
- Understanding of common design patterns and engineering practices
- Passion and initiative for continual learning about new technologies and development approaches
- Excellent verbal and written communication skills in English

The Following skills will be considered an advantage:

- Interest in plug-in development
- Willing to learn Microsoft products customization
- Relevant MS certifications
- Familiarity with SharePoint
- Familiarity with Agile/Scrum methodologies
- Experience with source control systems (Git, Perforce, etc.)

If you are interested in this position and you have the required qualifications, please send your CV via email to posao@pstech.rs. Please note that due to large number of applications we receive, we will only contact those candidates that are selected for an interview. Thank you.
