

The group Asseco SEE is the largest operator in South-Eastern Europe in terms of revenue derived from sales of its software and services. We came into being as a result of the integration of the experience, knowledge and solutions of major segment leading IT companies operating in the region. Since the beginning, our company's subsidiaries focused on developing their own solutions in their market segments. Our mission is to build a trustworthy and profitable global IT company providing our customers with high quality software and services.
