

Westum je usko specijalizovana IT kompanija koja se bavi izradom sistema visokih performansi iz oblasti elektronske trgovine (e-commerce). Naša rešenja su bazirana na vodećim e-commerce platformama kao što su Magento, Demandware i Hybris SAP. Pored razvoja na pomenutim platformama, velika sredstva ulažemo u istraživanje i razvoj sopstvenih tehnologija za upravljanje složenim poslovnim procesima.

Pozovite nas i uverite se da je moguće: U Beogradu se radi na razvoju e-commerce rešenja za poznate svetske brendove. Na tržištu smo prisutni od 2001. godine, ali najbolje tek dolazi - priključite se, jer nudimo jedinstvene uslove za sticanje iskustva saradnje sa najvećim svetskim kompanijama.
