

ALITE International is a knowledge and consultancy company founded in Sweden. We are represented in 6 countries and are working within Digital Transformation, Digital Innovation and Smart Sourcing.

ALITE International is bringing some of the biggest Scandinavian names as partners and clients to Serbia. With us, you will be working with interesting clients, innovative and challenging projects, and highly skilled co-workers.

ALITE International is growing strong and we are expanding our QA team. This position is for persons that would like to grow and take more responsibility over time.

This full time position will be located in our Belgrade office in Business Center UŠĆE.

QA Engineer

The ideal candidate should have the following:

- 2+ year's testing experience
- University or equivalent education (Computer Science, Engineering or a related subject)
- Strong knowledge of software QA methodologies, tools and processes
- Working experience with test cases management tools (TestRail, Zephyr or similar)
- Experience in writing clear, concise and comprehensive test plans and test cases
- Hands-on experience in designing, developing and executing automation scripts using open source tools (Selenium, Protractor or similar)
- Thorough spoken and written English
- System integration testing and/or test automation experience is a plus

Your Responsibilities:

- Estimating, prioritizing, planning and coordinating testing activities
- Identifying, recording, documenting bugs and tracking the bug resolution process
- Working closely with developers to ensure all defects are raised and are resolved
- Reviewing requirements, specifications and technical design documents to provide timely and meaningful feedback
- Working in an Agile/Scrum development process

We offer you:

- Great colleagues and a positive company culture

- The chance to constantly upgrade your knowledge and to work with the latest tools and technologies
- An inspiring working environment in our modern premises
- A competitive salary

If you wish to become part of our team, please send us your CV electronically.
