

QA Engineer

We are currently looking for an experienced QA Engineer with strong skills and proven experience who is ready to dive into one of the top startups in Switzerland, for a full-time engagement, to join our team of passionate IT professionals.

AS A SOFTWARE ENGINEER IN HOLYCODE YOU WILL:

- Work as part of a dynamic team focused on shipping high-quality code in record time
- Collaborate closely with other engineers and product managers, define and build high usability, high reliability, and high-performance features.
- Push your craft forward, invent new ways of doing things and always ensure high quality deliverables

WHAT WE EXPECT FROM YOU TO DO:

- Develop test plans that incorporate consideration of process, activities and deliverables of the project assigned
- Prepare test cases and test scripts based on business requirements and project scope
- Provide time estimates to assist in project scheduling to account for QA in project scopes
- Test applications for functional, cross-browser, performance and usability defects and issues
- Manage QA workflow from original issue identification to assignment, build, release and bug closure
- Participates in team meetings with Project Tech Leads and Lead Developers to review testing strategies and execution
- Using relevant testing tools and testing suites in daily work and be able to report accordingly

ESSENTIAL SKILLS AND EXPERIENCE:

- 3+ years experience in above mentioned field or in a similar QA role
- Experience with developing automated testing using frameworks and programs such as Selenium Web Driver (not just RC or IDE), Selenium Grid, Ruby/Rspec or TestUnit
- Integrate testing process with continuous integration and delivery processes
- Prepare and execute automation tests for new feature implementations as well as bug fixes in an agile/scrum development environment
- Excellent knowledge of English language (written and verbal) skills
- Formal education in the IT area
- Good English language skills
- Independent problem-solving skills

BENEFITS:

- High-growth company in which you can find an exciting and trend-setting challenges
- Familial working atmosphere in an open-minded multinational team
- All necessary equipment - up to you to decide which you prefer
- Compensation plans higher than the market averages
- Budget for professional development (courses, conferences ...)
- Budget for the mastery of the English language during the working hours
- Nice, new office in Belgrade
- Fully stocked kitchen (tea, coffee, fruits, soft drinks...)
- Tournaments of table tennis, table soccer and darts in our office
- Skilled and senior co-workers
- Opportunities to build products that really make a difference
- Opportunities to learn and grow with us
