

## Come on in. The door is open.

### What do we need?

We're searching for **Creative Services Engineer** to join our ad operations team in Serbia, Belgrade. If You are currently either a front-end HTML Developer with client facing skills, or Interactive Agency Producer or Project Manager who understands and is not afraid of looking into HTML, CSS, ActionScript or JavaScript code, please see below:

### Key responsibilities include...

- Interact with the creative agency Producers and Developers to find the best ways to utilize Sizmek creative technology.
- Conducting Sizmek HTML5 training sessions with creative agencies.
- Help identify technical issues and act as a 1<sup>st</sup> line of support to problem solve HTML5 and video technical issues.
- Introduce and educate clients to new Sizmek products, features, and best design and build practices.
- Collaborate closely with client producers to help them execute Sizmek Display, Mobile and Video campaigns.
- Build strong relationships with Creative Agencies (clients).
- Advise on creation and most effective execution of Sizmek ads.
- Help communicate timely information on the development and upgrades of the Sizmek technology.
- Come up with ideas for new formats and executions.

### What will you need to succeed?

- Excellent spoken and written English or French, German and Spanish
- Must be technical in HTML5, CSS, JavaScript, Adobe Creative Suite, to assist creative developers and producers with rich media solutions.
- Knowledge of Action Script 2 & 3 is a plus.
- Experience with online video formats and encoding software and techniques is a plus.
- Experience in designing or developing web content recommended, will consider college graduate with sample projects/internships, in lieu of work experience.
- Good presentation skills for client training sessions.
- Ability to build client relationships.
- Ability to master new technologies in short periods of time.
- Ability to manage multiple projects and clients at the same time.
- Highly motivated, independent and resourceful.
- Excellent communication skills with particular attention to detail.
- Able to work in a fast paced, fluid operating environment.
