Senior React Developer - Remote

TNation is a company specialized in providing software services. Our clients are leading companies from North America and Western Europe, such as Deluxe (US), Elcom (US), Telenor (Norway), Nexcom (Germany), Eurobank EFG (Greece).

We are looking for a **Senior React Developer - Remote.**

Role:

We are looking for a Senior React Developer to join us on the project for a renowned client from Germany (automotive industry). Project is challenging because you would have the opportunity to set React as a new framework, from scratch. We need someone independent who would have complete freedom to set up the new architecture.

Key Skills and Qualifications:

- 5+ years of working experience
- Experience in TypeScript and React is required
- Experience with Unit, Integration and End-to-End testing is required
- Working knowledge of CI/CD
- Experience in MobX, RESTful API and modern WebAPIs is a plus

We offer:

- Private health insurance
- Excellent financial conditions
- Working on long-term projects
- Working in a positive work environment
- English language classes
- Team activities
- Sports activities

Interested candidates can send their resumes to e-mail: prijave@tnation.eu

Please note that due to the large number of applications we receive, we will only contact those candidates that are selected for an interview.
