The candidate will also have extensive experience in a fast-paced and innovative development environment. A thorough understanding of contemporary user-centered design methodologies is a must.

Key Skills and Experience:

- Two or more years of user experience design experience for software, Web applications which leverage emergent technologies, consumer electronics (especially experience in designing for mobile iOS and Android
- Experience with responsive design and solid understanding of interactive web technologies
- Executing interaction design and visual design as a part of a multi-disciplinary team
- Collaborating on user experience planning with a lead experience architect
- Consulting with clients and lead experience architect
- Researching interaction design trends
- Researching technology trends
- Performing other duties as assigned

Further Requirements:

- Strong conceptualization ability, strong visual communication ability, drawing skills and sketchbook technique
- Exceptional design skills, production value and attention to detail
- Ability to create wireframes as well as visual design comps
- Strong working knowledge of Photoshop, Illustrator, InDesign, Fireworks, Axure and associated design tools
- Experience with user interface design patterns and standard UCD methodologies
- Strong written and verbal communication skills
- Understanding of common software project management practices
- Understanding of common software development practices

Additional:

- 3D modeling, After Effects, rendering and animation
- Strong working knowledge of HTML, CSS, Rails, JavaScript/JQuery, ObjectiveC (iOS), C++ (Android) is a plus
- Video and sound editing
- Bachelor's or Master's degree in interaction design, new media design or related design field
- Occasional travel is required

We offer:

- Newest technologies
- An interesting, diversified and challenging working environment in a highly motivated and international team
- Exciting projects with prestigious mobile network operators
- Our open company structure, with flat hierarchy and fast decision making, offers very good personal development perspectives
- Flexible working conditions

We are looking forward to meet.
