

# Technical Architects

Our client is a leading software solutions provider working alongside world leading brands. Their team in Malta consists of a number of best-of-class developers working on exciting and innovative projects. They are currently seeking to recruit high level MS Dynamics NAV technical architects to join their Malta team.

## **Professional Skills and Experience:**

- A proven track record in development in Microsoft Dynamics NAV, with a minimum 6 years of formal working experience;
- Microsoft Dynamics NAV development certifications would also be preferable;
- Ability to define solutions and technical specifications as well as develop functionality based on specifications;
- Experience in liaising with clients in order to clarify functional expectations;
- Good understanding of standard Dynamics NAV functionality including the Financial and Stock/ Warehouse Management modules is preferential;
- Ability to lead development teams;
- Readiness to travel for short periods;
- Fluent in English.

## **Personal Attributes:**

- Tertiary level of education
- Passionate about software development and willingness to excel;
- Analytical, inquisitive and with a solution oriented mentality;
- Good leadership qualities;
- Good multi-tasking skills;
- Ability to handle pressure effectively;
- Good written and verbal communication skills.

**Any candidates wishing to apply please send your detailed CV in English to: [majapetroviccc@gmail.com](mailto:majapetroviccc@gmail.com)**
