

# UX Designer

Endava is a privately owned IT services company with over 3,400 employees and offices in New York, Atlanta, New Jersey, London and Frankfurt and 6 delivery centers across Romania, Moldova, Macedonia, and Serbia. We strongly believe that our ability to deliver quality work while adapting easily and quickly to the evolving needs of our customers and people ensures our success. To support our core purpose of enabling our people to be the best that they can be, we invest in career development and building a strong learning culture within Endava.

## Consider a new opportunity

As an UX designer, you will be working alongside business analysts and our development teams, on projects for one of our largest clients. We are currently working on extending their B2B customer portal, which is a web application used by thousands of companies across the world.

You will be participating in brainstorming, evaluation, concept development and application of design ideas. We expect of you to have an excellent eye for design, with a high interest in UI design, human-computer interaction and behaviour, so as user experience.

## Match your profile

A good candidate is supposed to have a versatile design skill set, including exposure to print, web and mobile app design. An ideal candidate should have aesthetic sense and solid knowledge in these areas:

- Digital / Web Design
- Information Design
- UX prototyping and wire-framing
- Illustration
- Typography

**The following skills would be a plus:**

- Mobile Design
- Knowledge of HTML and CSS
- Knowledge of JavaScript

If you are interested in this position and you have the required qualifications, please send your CV via email to [jobs.belgrade@endava.com](mailto:jobs.belgrade@endava.com). Please note that due to large number of applications we receive, we will only contact those candidates that are selected for an interview. Thank you.
