UX/UI Designer

We're looking for a talented, passionate, and devoted UI/UX designer with experience in designing web sites, as well as Android and iOS mobile apps. As a member of a highly collaborative team of creative individuals, you'll have the opportunity to learn, explore and solve design challenges in the digital space.

What do we ask from you?

- 2+ years of agency experience.
- Advanced knowledge of Photoshop, Illustrator and Indesign.
- Experience with prototyping tools and wireframing.
- Basic knowledge of mobile development and web technologies.
- Strong communication skills.
- Excellent command of spoken and written English.
- Positive curiosity.
- Ability to be a team player.

What would be great?

- If you use animation programs.
- If you have experience in creating Behance presentations.
- If you use HTML and CSS.

What do we offer you?

- Possibility of a permanent job.
- A job in a company devoted to constant development.
- Challenging work with clients from the Middle East and Asia.
- Bright, pleasant and modern space close to the main city center.
- Young but experienced colleagues ready to help at any time.
- Opportunity for advancement and improvement.
- Unlimited amounts of coffee and fruit.
- Table football, table tennis, darts and Wii during breaks.
- Pet-friendly environment for you and your furry friend.
