

UX/UI Designer (m/f)

Corussoft is looking for a new team member in Mostar

For more than 20 years we have been designing and implementing individual business software, as well as web and mobile applications for small and large companies.

As the market leader for software solutions in the trade fair industry, we stand for innovative online and mobile applications.

With offices in Berlin and Mostar, we are always looking for smart and energetic team members.

If you recognize yourself in the following descriptions and want to be a part of our growing and developing team, sign up!

UX/UI Designer (f/m)

Mostar

We're looking for a UX/UI designer of all levels of experience to join our team.

As an UX/UI designer, you will be responsible for delivering the best online user experience, which makes your role extremely important for our success and ensuring client satisfaction and loyalty.

You will be designing ideas using various methods and latest technology.

Main tasks and responsibilities

- Plan and implement new designs
- Optimize existing user interface designs
- Test for intuitivity and user experience
- Develop technical and business requirements and always strive to deliver intuitive and user-centered solutions
- Combine creativity with an awareness of the design elements
- Create prototypes for new product ideas
- Test new ideas before implementing
- Conduct an ongoing user research

Requirements / Knowledge base

- Experience as an UI/UX designer or similar role
- UI design portfolio
- Bachelor's degree in relevant field or relevant experience

- Excellent interpersonal and communication skills
- Ability to discuss and explain design options
- Ability to work in a design team
- Detail oriented and critical thinker
- Problem solver and client-centered
- Experienced in Figma, Sketch or Adobe Xd
- Good knowledge of English language

What we offer you:

- To become part of a motivating environment in which you can develop and acquire knowledge and skills
- Dynamic and professional work environment where ideas are highly valued
- Fixed / permanent contract (after trial period)
- Paid certification if necessary (we follow your needs for education and development)
- Stable and interesting work with performance benefits
