

## Web & Graphic Designer

We're looking for talented, passionate, and devoted designers who want to work on exciting projects for domestic and foreign clients. Are you the person we are looking for? With us, you'll have the opportunity to learn, explore and create cutting edge digital solutions.

Besides an inherent love for design, what else do we ask from you?

- 2+ years of experience.
- Excellent knowledge of Photoshop, Illustrator and InDesign.
- To create visual solutions for Social Media.
- Experience in prototyping and wireframing.
- Basic knowledge of web and mobile development.
- Excellent command of spoken and written English.
- Positive curiosity.
- Ability to be a team player.

What do we offer you?

- Job in a company driven toward constant development.
- Exciting challenges.
- Bright, pleasant and modern work space close to the main city center.
- Young but experienced colleagues ready to help at any time.
- Opportunity for advancement and improvement.
- Unlimited amounts of coffee and fruit.
- Table football, table tennis, darts and Wii during breaks.
- Pet-friendly environment for you and your furry friend.
