HYBRIS DEVELOPER
JOB ID: WD1404

Westum is an international company entirely focused on Digital Commerce. We envision and seamlessly deliver high-end e-commerce solutions that amplify brands and drive more online sales. Our mission is to continually acquire and structure relevant expertise enabling us to substantially contribute to our customer's success.

We have been consistently growing since 2006 and currently looking for **Hybris Developers** to join our delivery team based in Belgrade, Serbia. As our Hybris Developer, you will be working within a larger team to deliver solutions based on the Hybris Platform for global brands.

TITLE

Hybris Developer
Location: Belgrade

Responsibilities:

- Participate in development and deployments of Hybris Solutions
- Package implementation and customization of the Hybris Accelerators to build fully functioning e-commerce sites for desktop, tablet and mobile devices
- Develop business logic, real time and back office integrations, using Java, Spring, and other open source frameworks to process data and integrate with external services
- Participate in the conceptual and technical design
- Follow the best practices in software development to ensure high quality deliverables

Basic Requirements:

- 3+ years of experience in JEE software development
- 1+ year of experience in Hybris e-Commerce sites
- Experience with hybris Accelerators, core platform, APIs and tools such as HAC, HMC and the hybris Cockpits
- Experience with JEE related technologies (Spring, ORM, Hibernate, JSP)
- Experience with Web Services (SOAP / REST / JSON)
- Proficiency with Front-end technologies, HTML, CSS, JavaScript
- Excellent knowledge of Object Oriented Design, Design Patterns
- Good understanding of Relational Database concepts and SQL
- Good English written and verbal communication skills

PREFERENCES WILL BE GIVEN TO CANDIDATES WITH:

- Experience with Demandware, Magento, or other e-Commerce application
- Passion for improvement and learning about new technologies and software development practices
- University degree in technical or related sciences

WE OFFER:

- Competitive salary package
- Opportunity to work in friendly, fun and open working environment
- Potential for career growth
- Be a part of fast growing company and work with globally recognized brands

We do not discriminate based on race, age, disabilities, ethnicity, gender and/or sexual orientation. The anti-discriminatory policies apply to our workplace in general, and we maintain 0-tolerance policy towards sexual harassment, discrimination, and/or any other form of abuse at the workplace.
