

EIPIX Entertainment

iOS Developer

Novi Sad

As an iOS developer, you will be joining a department developing innovative ideas in the range of apps, hardware, web platforms, patents and many more (non-game related).

We are looking for an experienced iOS developer who is self-motivated and committed to building beautiful, multi-featured applications. It's an exciting time to join us – we are a rapidly growing company with an amazing work culture offering a competitive salary, flexible work hours and many perks. You will be working with a visionary team of innovative and energetic colleagues from a wide range of backgrounds.

Required skills:

- Experience in developing apps for iPhone and iPad
- Deep knowledge of the full iOS stack: Swift, Objective C, UIKit, Xcode, Interface Builder
- Experience of writing custom controls, transitions and swift animations
- Integrating with server-side API's and web services
- Experience in working with third party API's
- Experience in unit testing and testing your code
- Devotion to writing elegant and functional code
- Talent for building clean, well designed apps

Extra skills:

- Passion for native iOS development in Swift
- Love of working with API's
- Experience with git and code review based workflows

- Appreciation for modern agile development
- Published or was involved in publishing apps on the App Store
- Excellent communication skills
- Ability to work autonomously
- High levels of initiative
- Enthusiasm for agility and working in an agile environment
